These wines showcase the styles that made each region famous. New varieties are offered as they're secured and are available while supplies last, so get in on your favourite while it's still available!

Argentine Malbec *A well kept secret from Argentina!*

Style: The Argentine Malbec has found uniquely favourable growing conditions in Argentina and has no doubt created one of the most successful and delicious Malbec wines in the world. A combination of desert climate, cold nights, and irrigation of eternal snows from the Andes, creates an especially healthy environment for these vines. An intense bouquet of damson plums, blackcurrant and violet aromas give way to a slight touch of hunting and leather notes. This richly purple coloured Malbec carries a velvety texture with long, soft flavours. Although it ages beautifully, firm tannins and mellow acidity allow this wine to be enjoyed while young.

Similar Styles: Chilean Cab/Sauv, Spanish Rioja, Italian Barbaresco

Food pairings: 'stick-to-your-ribs' foods like barbecue, cassoulet and braised lamb. Also great with any beef dishes and tomato based pasta dishes.

Sweetness Code: 0

Oak: Toasted Premium American Oak

Aging: Allows for early consumption, with a minimum of two months recommended.

The Argentine Malbec is a unique and exciting addition to Brew King's *Selection International* line. Expect intense aromatics and rich, ripe fruit elements in this hidden gem from Argentina.

Another fantastic red wine from the world's largest – and best – wine kit manufacturer.
